

CHECKS INTO THE CITY THAT NEVER SLEEPS

12TH TO 14TH NOVEMBER 2006

Following an amazing reception in June this year, at the Hospitality Industry Technology Exposition (HITEC®); the organizers and originators of the GUESTROOM2010® concept, **Hospitality & Financial Technology Professionals (HFTP)**, are recreating their inspirational GUESTROOM exhibit at the International Hotel/Motel & Restaurant Show at the Jacob K Javits Convention Centre in New York City.

The AMMIQUE® Bed, a unique body suspension system, developed and created in the UK will feature once more alongside the many other new and exciting cutting edge technologies in GUESTROOM2010®.

Celebrated as THE BED of the FUTURE, The AMMIQUE® Bed has been engineered specifically to ensure long term, effective body contouring support, cleanliness, air quality and many other practical and aesthetic design features.

Offering assured benefits of Comfort, Consistency, Hygiene Airflow & Adaptability as well as an integrated programmable lighting system with sunrise, sunset and other sleep sequences to select from; New York folk may well choose to re brand their city once they have checked out the AMMIQUE Lightscape™ Bed in GUESTROOM2010®.

From a selection of imagery, (technical and interior settings) which are available at high resolution.
