

Designed to embrace the contour your body, Ammique's innovative bed features a suspension system made up of thousands of small plastic domed caps each attached to a small tension sprung plastic rod. Having no padded components and removable panels, makes the design hygienic and easy to clean. With three washable Coversofts, 20 individual glass side panels and ten end panels, the 7800-GL (with 7800 rods) is priced around £15,275. **Tel: 01761 419544. www.ammique.com**
